

● Sierra Atlantic Announces Expanded Alliance with PeopleSoft *Launches Development Hub to Centralize Engineering Activities*

FREMONT, CA - September 8, 2003 - Sierra Atlantic, Inc., today announced an expanded alliance with PeopleSoft and the launch of a development hub to provide services for PeopleSoft applications.

The development hub will centralize PeopleSoft related expertise gained while developing business process integration solutions across multiple PeopleSoft product lines--Human Capital Management, Financial Management Solutions, Supplier Relationship Management, and Customer Relationship Management. As a new member of PeopleSoft's Consulting Alliance Partner program, Sierra Atlantic will draw upon this centralized resource for a wide range of consulting services to PeopleSoft customers including application implementation, integration, portal deployment, upgrade, maintenance and support. Over the next two years, Sierra Atlantic will invest over \$2 million to build a world-class PeopleSoft practice.

Sierra Atlantic will continue to invest in its PeopleSoft practice, leveraging knowledge and expertise gained through its engineering relationship with PeopleSoft's PeopleTools organization, and its successful engagements with key PeopleSoft customers, including the Keppel Group and American Standard Corporation.

"Reducing the complexity and cost of application integration is one of our key initiatives this year," said Chuck Teller, General Manager, PeopleSoft Enterprise Solutions Group. "As one of our newest consulting partners with deep application integration skills, Sierra Atlantic offers our joint customers expertise in integrating PeopleSoft products with other enterprise applications to achieve seamless business processes."

"Our expanded alliance with PeopleSoft enhances our leading position as enterprise application experts," said Raju Reddy, Sierra Atlantic's CEO. "Many of our customers employ a best-of-breed application strategy, and benefit from our one stop shop for integrated enterprise application services."

About Sierra Atlantic

Sierra Atlantic helps our customers optimize their investments in enterprise business applications - ERP, CRM, and SCM - from leading vendors such as Agile, Oracle, PeopleSoft, SAP and Siebel. We offer complete lifecycle application management solutions, with excellence in enterprise application implementation, integration, upgrade, and support, providing superior value with our global delivery model. Sierra Atlantic Application Networks®, business process integration solutions, simplify the integration challenge to transform organizations into more agile, customer-focused businesses.
